

Mr. J. A. Stakl
Page Two

Mr. Stakl, over three months ago I advised you and your dealer, of some very serious defects in a rifle that I purchased and was manufactured by your firm. I also requested a written statement that the repairs had been made. Thus far, I have received nothing but a letter from you, and the apparent "run around" from your dealer. Your comments concerning this situation would be sincerely appreciated.

Cordially yours,
