MAIN FAULT: Fires when taking safety off

Upon receipt, unable to duplicate customer concern. Trigger pull - 3 lbs. Left in good condition for 1976 only. Safety was sent back to factory. Contact customer 8/18/93. Mr. Medlin stated that one of our warranty form attempts to repair by modifying. Examination does not indicate any tampering or modifications.

Agreed to replace complete trigger assembly with new edge & return to factory as gesture of customer good will.
