		Gentlemen Enclosed is a Customers rifle Remington 700BDL Cal. 270 Serial No. A6292754. The Customer says he pulls the trigger but the gun will not go off all the time, but will fire when he goes to set it down. Would you please check the gun out completely and return to us when repaired. We would appreciate anything you could do to expedite the rifles return. Thank You Gerald M. Bartelmay
