MODEL 597™

WHERE TECHNOLOGY MEETS CRAFTSMANSHIP

The Model 597™ is really the most advanced autoloading rimfire rifle ever built, and the first breakthrough in autoloading rimfire rifle technology in 35 years. The difference starts with our proprietary bolt guidance system, which features a unique set of hole hardened guide rails for better reliability, feeding reliability and greater out-of-the-box accuracy.

Of course, we didn't stop there. The bolt hammer and sear of the Model 597™ all feature an exclusive Teflon®/nickel plating for smooth, dependable operation and an ultra-crisp trigger pull. To ensure reliability, long life accuracy, we've also incorporated a unique positive locking, permanently sealed barrel attachment clamp. Receivers are grooved for standard rimfire mounts and
