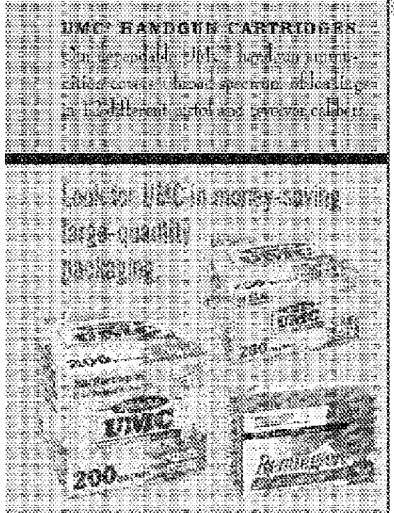
UMC® AMMUNITION

UMC® HANDGUN CARTRIDGES



UMC® LEADLESS™ HANDGUN CARTRIDGES A new line of ammunition that has been developed to provide the best performance in UMC® and Remington® handguns. Initially available in the most popular calibers, the UMC® Leadless™ cartridges are loaded with primers that are free of lead and other heavy metals. Specially designed to provide the optimum performance in UMC® and Remington® handguns, the UMC® Leadless™ cartridges are loaded with primers that are free of lead and other heavy metals.

UMC® RIFLE CARTRIDGES

Ideal for high-volume shooting and UMC® varmint hunting. Offered in 32 popular calibers, these cartridges are loaded with Remington® powders for consistent ignition and uniform velocity. Boxes are marked with the UMC® logo and are packaged in 20-round boxes. Remington® reserves the right to substitute powders and primers.
