RE: Remington Model 600
6 mm Ser # 43565

In reply to your letter of March 6, 1989, I do wish to have you install a new trigger assembly at no-charge, as you offered. To do any less would leave me with no confidence in the rifle in light of its past history.

Thank you very much for your cooperation in this Recall matter.

Please UPS the rifle to me at the address on your letter:

Sincerely,

Duane J Coombs
