

Sept. 18, 1981

Dear Sir:

I am returning this rifle for repairs, because it has discharged while locking receiver, damaging my pick-up. Also, it is difficult to get bolt to cock. Otherwise, it is a very good rifle and amazingly accurate.

I would be mighty thankful if I could use it by November 16th, but if not, I will understand.

If there are any charges please let me know.

Thanks

Allen R. Downing
