Ref: Your letter of 10-18-85

Dear Mr. Potter;

I have received the replacement rifle mentioned in your letter for which I thank you. It was my understanding from the beginning that you were under no obligation to replace the old rifle.

The fact that you did replace the rifle shows good will on your part and will surely influence my choice of firearm in the future. Thanking you again for your kind attention, I remain

Very truly yours,

*Robert A. Ostos*
