GUN CONDITION: ☐ NEW ☒ SLIGHTLY WORN ☐ VERY WORN ☐ MISUSED ☐ QUOTE

CUSTOMER'S COMPLAINT

1) "... gun goes off when safety is put in the fire position..."
 2) "... magazine problem - two (2) shells pop up when the bolt is opened, instead of just one."

MAIN FAULT

1) Trigger has been adjusted outside of factory
 2) Magazine problem to be determined.

PARTS

1) Install new type safety - without bolt lock.
 2) re-adjust trigger to factory specs
 3) check magazine feeding for proper operation.
