

I'm very ~~thankful~~ ^{grateful} NO ONE WAS HURT WITH THE EXCEPTION OF MY BADLY BOLLIED THUMB FROM THE RECOIL.

DURING THE REST OF THE HUNTING TRIP I REMAINED VERY CAREFUL. HOWEVER, I HAD ANOTHER UNFORTUNATE SITUATION TO OCCUR. WHILE UNLOADING THE RIFLE I LIFTED THE BOLT AND THE SNAIL IN THE CHAMBER FIRED. THIS TIME I WAS NOT AS LUCKY. NO ONE WAS HURT, WITH THE EXCEPTION OF MAYBE MY PRIDE, BUT THE ~~bullet~~ SNAIL DID GO THROUGH THE WINDSHIELD OF MY BLAZER FROM THE OUTSIDE, WITH SOME DAMAGE TO MY DIRT FROM SHATTERED GLASS.

I DO THINK SOMETHING IS MECHANICALLY WRONG WITH THE RIFLE AND WOULD LIKE FOR YOU TO INSPECT IT, EVALUATE IT,
