Carl- I received your name from Jason VanderBrink. My customer received this 700 about 5 yrs^{ago} as a replacement for a 742. This customer is a well traveled hunter and knows his way around a rifle. He was on a hunting trip in Colorado when he put the safety on and the gun -fired. He swears his finger was not near the trigger. The gun was pointed downrange. Please call me at the store 616-245-9156 or Wayne Amann at 231-854-3600 (Gun Owner)

I thank You
