GENTLEMEN

APPROX. 15 YEARS AGO I
BOUGHT A REMINGTON II 700 A 6208905
B.D.L. LEFT HANDED 30.06.

I WAS VERY PLEASED WITH IT UNTIL
2 YEARS AGO, ON A HUNTING TRIP I HAD THE
WEAPON ON THE TRUCK SEAT GOING TO UNLOAD
IT. WHEN I MOVED THE SAFETY TO THE
OFF POSITION, THE RIFLE FIRED AND
BLEW THE WINDOWS OUT OF THE TRUCK
AND DAMAGED THE DASH BOARD.

THE INSURANCE TOOK CARE OF THE
TRUCK.

THE PROBLEM IS I HAVE AN
UNSAFE RIFLE.

I TOOK IT TO MY GUNSMITH AND
HE CHECKED IT OUT AND COULD NOT FIND
ANYTHING WRONG.

DO YOU HAVE A REPLACEMENT FOR
THE SAFETY?

LAST NIGHT ON 60 MIN. TV PROGRAM
I SEE IT ISN'T JUST MY RIFLE.

MY GUNSMITH IS
