(The more up-in-the-air things are left, the "peskier" my client becomes, which I must share with all involved.) Please give me a call as soon as possible so that we can confirm that this matter is behind us and it is only a matter of finalizing the logistics of our receipt of the check and guns. Thank you for working with me in this matter with your usual professional courtesies, cooperation, and amiable demeanor (even when worn out). I look forward to hearing from you soon.

With kindest personal regards, we remain,

Yours truly,

GOFF AND GOFF
