Re: Remington Model 7 (.243) Ser. No. 7608493 Shipped Week of 3/13-15/95

Gentlemen,

I talked to Mr. Grover C. Teele this morning and he told me he had received an acknowledgement from you on the receipt of the above rifle that I had asked him to ship to you to exam.

Have you had a chance to check the rifle yet? I would like very much to hear from you just as soon as you have.

Quite frankly, I would be happy to just receive another rifle like this one and consider the matter closed. I'm just not sure that I would ever have any confidence in using this rifle again, although I think this model is a fine rifle and I have enjoyed using it.

Please let me hear from you. Thanks very much.

Sincerely,

Neal Fendig
