Please FAX or email me a written estimate of the total cost for ten guns, 5 model 700 rifles and 5 model 870 shotguns, sent for reconditioning. I would like to pay for the cost of reconditioning with my Government MasterCard. However, the cost cannot exceed the charge limit of the card. If the cost will be over this amount then I would like to use a purchase order (DI-1).

Evaluate the firearms, estimate the total amount for reconditioning including return shipping and contact me before the work begins so that I can authorize the work and prepare a purchase order if the estimate exceeds the card limit.

Thank you.

Sincerely,  

Robert Oscarson, Office of the Western Regional Geologist, U. S. Geological Survey
