Subject: Model 700 Serial #A6671658  
RE: Case #1962

Dear Mr. Keal,

We were sorry to learn about your Model 700 firing when opening the bolt assembly. We are certainly glad that no one was injured, and that you are anxious to get back to enjoying the shooting sports.

As we discussed, I have enclosed a prepaid UPS shipping label and orange "Factory Only" label for you to ship the firearm back to our factory for examination. **We will also replace the trigger assembly with a new one under our Safety Modification Program at a cost of \$20.** I have also included a copy of this letter to put inside the shipping box. The letter inside is important as sometimes the outside label gets damaged in transit and we want to be sure the firearm is logged in correctly. On the factory repair form, please provide additional information about the incident, including the date of the last occurrence, type of weather, type of ammunition being used, etc.

We apologize for the inconvenience that this incident has caused and we hope that our actions will keep you as a loyal Remington customer.

Sincerely,

A handwritten signature in cursive script that reads "Laura Watson".
