Dear Remington,

The reason I'm returning this 308 Win. Model 600 is due to the fact that the safety mechanism was malfunctioning. I proceeded to get it fixed. Then upon using it again the safety mechanism still malfunctioned. It fires when going from safe to fire position, occasionally. As a result the trigger guard was broken. So I'm returning it to you because this gun is a safety issue. Could you please look at it and deem it safe either by repairing it or replacing it.

Please contact me by mail : John M. Bachorski  
682 Wildwood Road  
Mifflinburg, PA 17844

by phone : (570) 966-9331

Thank you for helping me with this matter.

Sincerely,

John M. Bachorski
