10/29/10 Per call from Beard, about a year ago he had a misfire with his Model 700. The safety was off when it misfired. His wife was slightly in front of the muzzle and it damaged her hearing. She did not go to the doctor then and has not been to date for her hearing. After the airing of CNBC he doesn't think it was his fault and now is worried about his wife's hearing.cm
