Dear Mr. Davis,

We would like the rifle to come into our Product Services Department at our factory for examination. Please reply back to me with the serial number of the rifle, caliber, your mailing address and phone number. We would like to send you a pre-paid shipping label for UPS to have the firearm come in. I will also include a form that you can fill out to let the examiner know exactly what happened, when this occurred and what you are expecting.

Sincerely,
Dell

Hey there,

I have and love a Remington 700 in 7mm Mag. I was sighting it in the other day and my friend was getting ready to shoot the gun when it discharged as he took off the safety. He didn't even touch the trigger. I have had a gunsmith lighten the trigger pull on the gun a year ago and haven't had this problem occur before. My friend said he looked up on the Internet and saw that this model has had some problems in the past. I am bringing this to your attention so that you can advise me as to what should be done to correct this defect. Please advise.

Thanks,
Hal Davis
