My 700 series 30-.06 bolt action

Dell,

Sorry I took a while to get back to you. I just had knee replacement surgery two weeks ago, and I'm just now getting back to my email. My s/n is B6754819, and this is a 30/.06 bolt action rifle. My address is:

Michele Organ
20922 Peoria Loop Road
Raymond, OH 43067
(937) 246-8005

I use this rifle when I deer hunt in West Virginia. My expectations are to be assured that I have a proper working rifle. I have invested a lot of money in this gun and have all intentions of keeping it. I just don't want to accidentally kill anyone when unloading. It was a scary event when it misfired two days in a row when unloading, in front of friends and family. I have a hard enough time being credible as a female hunter, and to have the gun fire unexpectedly, makes a hunter look bad. I just want peace of mind. Thank you.

Dear Michele,

If you are in the U.S., We would like the rifle to come into our Product Services Department at our factory for examination. Please reply back to me with the serial number of the rifle, caliber, your mailing address and phone number. We would like to send you a pre-paid shipping label for UPS to have the firearm come in. I will also include a form that you can fill out to let the examiner know exactly what happened, when this occurred and what you are expecting.

Sincerely,
Dell

Now that I saw the CNBC investigation report last night, what are you going to do as a company to make things right with your consumers? I had experienced the same misfires when unloading my rifle in the mid ninetys. After a morning hunt, surrounded by family and friends, I unloaded with the safety off. It fired. Luckily, I had it braced on my thigh and pointed to the sky. Not cool. This happened two days in a row, and needless to say, my deer season for that year was abruptly over. Since I haven't trusted this rifle since then, I am more than willing to trade it in on a Remington model that works. Any suggestions??

Dear Michele,

You will receive a pre-paid shipping label in a separate email. Please include a copy of this letter to put inside the shipping container. The letter inside is important as sometimes the outside label gets damaged in transit and we want to be sure the firearm is logged in correctly. Mark the ends of the box with "Product Service". Product Service will be inspecting the firearm and will contact me with the results.

I hope that this action will keep you a loyal Remington customer.
