We would like to have the firearm come into our Product Services Department at our factory for examination. Please reply back to me with the serial number of the firearm, caliber, your mailing address and phone number. We would like to send you a pre-paid shipping label for UPS to have the firearm come in. I will also include a form that you can fill out to let the examiner know exactly what happened, and when this occurred.

Sincerely,
Dell

Hi, I bought a new Remington Model 700 .223 in 2004. I have shot many times and shoots well. However, just recently while shooting, the trigger got stuck in the shot position. while trying to unload it, the rifle went off. Luckily it was pointed at the target and nobody got hurt. I took it to a friend to look at it. And after cleaning and putting the trigger back to together, he dry fired it a few times and was working again. Last week when I went to go target shooting, I found the trigger to be stuck in the shot position again. I went online to find out about this and found out about the rifle had a recall and lawsuit for the people who got hurt. I just want to have my rifle fixed. Please email me donnieburkholder@hotmail.com to help me get this fixed. I also have a model 700 in 30/06 and shoots great. I really like your products. Thankyou for your help.

Dear Mr. Burkholder,

You will receive a shipping label for UPS by email in 2-3 business days. Please include a copy of this letter to put inside the shipping container. The letter inside is important as sometimes the outside label gets damaged in transit and we want to be sure the firearm is logged in correctly. Mark the ends of the box with "Product Service". Product Service will be inspecting the firearm and will contact me with the results.

I hope that this action will keep you a loyal Remington customer.

Sincerely,
D. Fulcher
