3/8/12 Per call from Ron, he has 2 rifles he wanted me to check the serial numbers for possible recall. A Model 700, A6864884, that he bought 2nd hand was produced in 1980. I mentioned that we could remove the bolt lock but he said his does not have it as he can move the bolt with the safety on. He has not had any problems with it. The 2nd serial number is a 600, 43808, produced around 1965. It has fired when he released the safety. The trigger pull feels a bit heavy. He bought this rifle 2nd hand also.cm

Firearm Information
