Dear Sir or Madam:

This gun is being sent in for warranty repairs to the safety. It has a recall because of the failure to open the bolt when the safety is engaged. Also the cocking piece isn't held in place when the bolt is closed some of the time. The gun has the potential to fire on closed in the current condition. It is believed the trigger may need to be cleaned or replaced to make it safe. Please let us know what can be done to make this gun safe and repair it back to factory specifications. The guns serial number is MC 0999.

Sincerely,

Charles Salisbury
