*The Gun has when the safe is flipped off,
it then I do it everytime*

MAIN FAULT

*Call Mfg 1973 we could not duplicate the reported concern, but
did find the action & moved the trigger having dirty parts being properly
maintained. The stop & adj. screws have been tightened with.*

Regards to Model 700-30-06
6653293

This gun fires when the
safety is flipped off. It doesn't
do it everytime but I have tested
it enough to be convinced it is
unsafe and in need of repair.
