SUBJECT: NEW M/700 FIELD SAMPLES

As per our phone conversation, attached is your copy of the order I am placing today for the above guns as indicated in the field directory.

As you are aware, the field needs samples as soon after the November 12 sales meeting as possible in order to begin writing wholesaler orders. Therefore, it is most important to meet the following schedule:

M/700 ADL 270 Win. - November *Nov 9*

M/700 BDL 7mm Mag. - Immediately *Nov 9*

M/700 BDL Left Hand 30-06 - March

M/700 BDL "Varmint Spec." 25-06 Rem. - November 30

By copy of this letter, I am also advising J. H. Sweeney of our needs and ask for his cooperation in making the guns available.
