FROM: R. G. Sherman

SUBJECT: RETURN OF 600/660 SURPLUS RECALL REPLACEMENT TRIGGERS

In view of the fact that the numbers of Model 600/660 Remington rifles being returned to gunsmiths is winding down, we are asking for your cooperation in the following:

1. Please return as soon as possible via transportation collect, all but 3 of the new trigger assemblies now in your surplus inventory

to:

Remington Arms Co., Inc.  
Arms Service Division  
Ilion, New York 13357  
Attention: Mr. Dennis Sanita

2. Our records show as of our November 31, 1979 phone survey that you have \_\_\_\_\_ new Model 600 replacement triggers in your possession.

Until further notice this is the inventory we would like you to maintain.

In order to assist our Ilion Plant production scheduling of new Model 600 triggers, it has become imperative that we maintain the major inventory in Ilion, New York.

The 600 trigger assembly is not interchangeable with other bolt action triggers in our line and has become very expensive to produce on a limited production schedule. We feel sure that you will understand our concern in not wanting to over produce these units.

When you need triggers in the future, please call us on our Bridgeport toll-free number 1-800-243-9275 or our Ilion WATS line 1-800-962-7211 as you have in the past and we will mail or ship the units to you the fastest way possible.

We again thank you for your past and future cooperation.

Best regards,

R. G. Sherman
