February 25, 1982

Mr. Ed Barrett  
Executive Vice President  
Remington Arms Co., Inc.  
Bridgeport, Conn. 06602

Dear Mr. Barrett:

I wish to express my gratitude for the very warm, friendly and courteous manner in which I was received during my recent visit to your plant in Ilion.

My primary contact was with Mr. Clark Workman and Mr. Jim Martin but their attitude must be contagious as it persisted right on down to the few hourly workers with whom I spoke during my tour.

In closing I would like to add that I was very impressed with a Fred Martin, who's jobtitle escapes me, but who is up there in R & D with Mr. Workman.

Please thank all concerned if you have the opportunity.

Sincerely,

*Bob E.*
