5-700 L.H.  
WERE ALL OK.

Date 3/30/52

I went into the whse. to check  
m/700's to see if the booklets and the  
new safes matched. I checked 50 guns  
from 3/25, and 50 guns from 3/26 and found  
all to be packed correctly. These guns  
had been packed by all shifts those two days.
