

Tape by Bob Sire regarding Thomsen versus Messer #9113

Inventory for the package received:

Photograph 1 shows package received from the Wine T<sup>r</sup>oub Law Offices in response to court ordered compliance with request for production. The package is slightly larger than an 8<sup>1</sup>/<sub>2</sub> x 11" sheet of paper and contains documents all of which are 8<sup>1</sup>/<sub>2</sub> x 11" sheets.

Photograph 2 shows the backside of this package. Package had been opened, when received at the offices of Christopher Ames in S.F. as stated and dated on the rear of the package.

Photograph 3 shows the Remington packing list enclosed with the documents. It is dated stamped in the upper right hand corner March 1, 1983, it is again date stamped about the right center of the page by the Wine T<sup>r</sup>oub offices as received March 8, 1983.

The fourth photograph shows the first page of a stack of process record—  
inspection forms, typical of those included in the rest of the package. The following is descriptions of the contents of the package. Following the packing list, pages 1 through 5 are process record forms. Page 6 is a material procurement/raw material form for the Model 700 safety button. Pages 7 through 12 are further process records, page 13 is a product efficiency report Copy 1 \_\_\_\_\_. Pages 14 through 68 are further process records for the Model 700 and other models as so noted on other various pages.
