"CONFIDENTIAL by Stipulation and
order entered in
Tsachalis v. Remington Arms,
Inc., et al., Supreme Court of
the State of New York, County of
Westchester, Index No. 9344/95"

Program: NBAR Firing Pin Assembly and Bolt Plug

Objective: To provide a firing pin assembly that is quicker locktime than the M700 and has less bolt lift forces. In addition, provide a fully enclosed bolt plug with a cocking indicator.

Goals:

- o Less than 3ms locktime
- o Obvious cocking indicator
- o Marketing approved aesthetics

Stake:

- o Enhanced safety
- o Improved performance

Status: The design of all components is complete. All components are in the Model Shop to be fabricated.

Program

- o Fabrication complete

Timing:

- o Assembly
- o Developmental testing
- o Redesign
- o Fabrication
- o Design acceptance testing
