"CONFINE YOUR LETTER TO ONE SUBJECT ONLY" _____

July 16, 1985

Responsibility: F.E. Martin

Program: NBAR Receiver

Objective: To provide a flat bottomed receiver with an integral recoil lug and a means of accommodating Remington scope mounts. The design should incorporate a M/700 barrel and bolt, a detachable magazine, and a modified M/700 fire control.

Goals:

- o Integral recoil lug
- o Flat bottomed
- o Integral scope base
- o Side tang safe with independent bolt lock
- o Marketing approved aesthetics

Stake:

- o Improved performance
- o Improved customer price/value relationship

Status: The right hand design is complete and long action receivers are in the Model Shop to be fabricated.

Program o Fabricate prototypes for test and focus panel review
Timing: o Assembly
o Focus panel review
o Developmental testing
o Redesign
o Fabricate
o Design acceptance testing
o Check CV drawings
