NEW BOLT ACTION RIFLE

I am instituting a bi-weekly meeting to chart the progress of the New Bolt Action Rifle development. The first meeting will be held on Thursday, September 5, at 10:00 in the Conference Room. At the first meeting, I would like Randy Murphy to give an overview of where we are and what the schedule is for the next round of development testing, the design verification test, and transmittal to production. Bill Curry should be prepared to discuss progress on prototype parts. Subsequent meetings will be held at 10:00 on September 19, October 3, etc.
