

REMINGTON ARMS COMPANY, INC  
1986 NEW PRODUCT INTRODUCTIONS

MODEL 700 MOUNTAIN RIFLE:

Special, lightweight version of the Remington Model 700 bolt action centerfire rifle. 6-3/4 lbs. weight. Easier carrying while retaining proven, big game, long range performance. Stock favorite design of custom stockmakers -- straight-line comb with cheek piece. Satin stock finish. 22-inch barrel. Fine checkering. Returns legendary 280 Remington cartridge to bolt action, big game rifle. Also in 270 Win. & 30-06.

NEW "REM" CHOKE INTERCHANGEABLE CHOKE TUBES:

Remington introduces its new interchangeable choke tube system for wide range of 12-gauge M 1100 autoloading & M 870 pump action shotguns. Three field chokes -- improved cylinder, modified and full. Exceptionally strong. Will handle heaviest lead magnum loads as well as all steel shot loads. Available in most 12-gauge Remington Model 1100 and 870 field guns, SP Magnums, Special Field and "Sportsman" 12 Autos and Pumps.

NEW STYLE FOR MODEL 870 12-GAUGE "WINGMASTER":

Completely restyled Model 870 "Wingmaster" 12-gauge shotguns. Generous amount of raised-diamond, cut checkering. Low gloss, satin wood finish. Standard 3-inch chambers for all lead and steel 12-gauge shells. With new "Rem" Choke in 26 & 28-inch barrels.

NON-REFLECTIVE FINISH ON M 1100 AND M 870 DEER GUNS:

Both Model 1100 and 870 Deer Guns to now have Parkerized finish on all exposed metal surfaces and dull, non-reflective oil finish on stocks. Similar to 1985's Model 1100 and 870 SP Magnums. With Q.D. sling swivels and wide, camou carrying sling. Chrome-lined barrels. Adjustable iron sights with white, ivory bead as front sight. Improved cylinder chokes for optimum slug accuracy.

XP-100 VARMINT SPECIAL IN 223 REMINGTON:

Remington's XP-100 Bolt Action, Single Shot pistol with 14-1/2 inch "Silhouette" style barrel chambered for popular long-range varmint round, the 223 Remington. Receiver drilled and tapped for handgun scope mounts. The XP-100 "Varmint Special" with its rifle-type accuracy opens new opportunities for the growing sport of long-range, handgun hunting for small game.

REMINGTON RETURNS MODEL 581 RIM FIRE RIFLE:

In answer to shooter demand, Remington returns popular Model 581 bolt action, clip fed rimfire rifle as part of "Sportsman" series. Same original rifle with reputation for accuracy for small game hunting and Junior target competition. Features Remington's unique and exceptionally strong rear lockup system, centerfire trigger mechanism, oversized trigger guard and fastest lock time of any known rifle.

(3)

RETURN OF MODEL 541-T:

Another shooter favorite returned to the Remington line. Model 541-T is slightly revised version of original bolt action rimfire M 541-S Custom Sporter. Same original rear lockup action and 24-inch barrel. Cut checkering, satin stock finish. Favorite rifle of rimfire Metallic Silhouette competitors, squirrel and other small game hunters.

"SPORTSMAN" 78 BOLT ACTION RIFLE IN 223 REMINGTON:

"Sportsman" 78 is "no frills" version of famous Model 700 bolt action, centerfire rifle. Standard Model 700 barreled action in plain, uncheckered stock provides shooter economy without loss of well-known Model 700 "out-of-the-box" accuracy. For long range, small game hunters, now chambered for accurate 223 Remington cartridge.

MODEL 700 CLASSIC IN LIMITED RUN OF 264 WIN. MAGNUM:

Remington's much anticipated annual limited production of the Model 700 Classic bolt action centerfire rifle for selected cartridge -- in 1986, the 264 Win. Magnum. Traditional, "Rifleman's" straight comb classic stock with its clean, attractive lines. 24-inch barrel for maximum velocity. Sixth in a series of annual limited production 700 Classic rifles that are rapidly achieving "Collector" status.

MODEL 700 CUSTOM IN LEFT-HAND SHORT ACTION:

The answer to many years' requests for left-hand, short actions in a quality, centerfire rifle. On special order from Remington's Custom Shop through Remington select dealers. Available in Custom Shop Grades I through IV with selection of all special options of Model 700 Custom rifles. In 22-250 Rem., 243 Win., 6mm Rem., 6.5mm Rem. Magnum, 7mm-08 Rem., 308 Win., 350 Rem. Magnum and others.

RETURN OF 8MM REM. MAGNUM IN MODEL 700 SAFARI GRADE:

Another example of Remington listening to what even select groups of hunters want -- the return of the high performance 8mm Rem. Magnum big game cartridge in the Safari-Grade series. Will be available in two options: Model 700 Monte Carlo Safari with contemporary Monte Carlo comb and cheek piece, heavy, varmint-weight barrel, iron sights, rosewood fore-end tip and pistol grip cap; Model 700 Safari Classic with classic-style stock, clean, Magnum-weight barrel with iron sights as option. Also new availability of Model 700 Safari Classic with heavy, varmint-weight barrel in 458 Win. Magnum. All Safari grade rifles available on special order from Remington Custom Shop through select Remington dealers.

REMINGTON BRINGS BACK 40-XR RIMFIRE SPORTER:

Successor to the legendary 40-XR Rimfire Sporter. One of the most prized possessions of limited number of shooters fortunate enough to obtain one while they were produced. Regarded as one of the most beautiful and superbly accurate rimfire rifles ever made. Sporter version based on Model 40-XR target rifle. Through selected dealers on special order from Remington Custom Shop.

MODEL 700 CUSTOM "KS" MOUNTAIN RIFLE WITH "KEVLAR" STOCK:

A significant development. First big game rifle from a major gunmaker with synthetic stock of "Kevlar" reinforced resin. All the advantages of light weight and stock stability at varying moisture and temperature conditions one gets from standard fiberglass stock with superior strength of "Kevlar" aramid fiber. In combination with new Model 700 Mountain Rifle - and in both right and left-hand actions. Calibers: 270 Win., 280 Rem., 30-06, 7mm Rem. Magnum, 300 Win. Magnum and 375 H&H Magnum. With 24-inch barrels. Weight: just 6 lbs., 6 ozs.

NEW 140-GRAIN BULLET IN 280 REMINGTON

In conjunction with the return of the 280 Remington chambering in the Model 700 Mountain Rifle, Remington is adding a 140-grain, pointed soft point bullet to loadings for the 280 Remington cartridge.

THREE NEW REMINGTON CENTERFIRE AMMUNITION ROUNDS:

For 1986, Remington will add the versatility of new bullets to three centerfire cartridges:

308 Win. - with new 165-grain pointed soft point  
"Core-Lokt" bullet.

38 Special (+P) - with new 158-grain semi-wadcutter bullet.

44 S&W Special - with new 200-grain lead semi-wadcutter bullet.

NEW, LIMITED EDITION REMINGTON "BULLET" KNIFE:

Latest in Remington's annual limited production of high grade replica of original "Bullet" knife. In 1986, offering will be replica of the R1263 Hunter. Two blades: 4-3/16" Turkish clip and 2-5/16" pen blade. Distinctive nickel silver cartridge shield on one side of durable handles of "Delrin" acetal resin. Nickel silver bolsters and rustproof brass liners. Large blade etched on one side with original Remington logo of the 1930's.
