Technical Reviews

Technical Reviews are scheduled for Friday, April 19, for Bob Fielitz and Research Management. You have been selected to speak on the following topics:

- Dave Findlay - Models 870 & 1100 Restyle and Choke Tubes
- Scott Franz - Pressure Vent Gas System Progress
- Ken Rowlands - Model 1100 Functional Improvements
- Terry Douglas- Model 870 Functional Improvements.

Your presentation should last approximately 15 minutes, and should be informal-overheads, chart pads, and sample parts in place of slides. I will be getting with each of you in the very near future to discuss your presentations in more detail.
