TO: SAAMI Executive Committee
Legislative & Legal Affairs Committee
Joint Technical Committee

FROM: P.C. Eschrich, Technical Advisor

DATE: March 5, 1990

SUBJECT: Proposed ANSI/SAAMI Z299.5-1990

Enclosed, for your review, is a copy of the proposed revision of ANSI/SAAMI Z299.5-1990. The revision was done by the Product Standards Task Force - Firearms and required a re-ordering of the text so that the flow was more natural. No changes in test procedures were made.

Please review this document and return your comments within ten (10) working days from the date of this letter. If I do not hear from you, I will assume your approval. The letters soliciting participation for canvass have been sent out and canvass will begin as soon as all the individuals on the Canvass List have responded. The tentative Canvass List is attached for your information.

Tech Staff:

- 1) If you have any comments on this pass them on to Ken Green.
- 2) Be sure all our ^{new} products will meet these Test criteria plus Existing ones do.
