**Subject:** Sniper rifle problem

Ken,

My name is Scott Krause of the City of Fond du Lac Police Department in Wisconsin, I spoke with you the other day about a problem I was having with my model 700 sniper rifle. I don't know if you remember the conversation or not. I was having a problem with the firing pin staying back on my rifle and slamming forward at unwanted times. You believed it may be a trigger group problem and I was going to send it to you for evaluation. You were also going to send me a form to fill out to send with my rifle. I gave you my e-mail address and am not sure if I gave it to you properly, you may also be busy-which I completely understand. I send this e-mail anticipating that I gave you the wrong e-mail address. If you could respond to this e-mail it would be greatly appreciated. Also, if it is not to much trouble, if you could caption the address [sk331035@yahoo.com](mailto:sk331035@yahoo.com) into the e-mail I would appreciate it. I will be off for the next couple days and then headed to an Army fort for terrorist training. During that time I will not be checking this e-mail account but will be checking the one listed above. Thank you for your time.

Scott Krause #35  
Sniper  
Fond du Lac Police Department  
Fond du Lac WI 54935

920-740-5941  
920-929-3211 ext 1035
