Jim –

Do you have any drawings/data on the X-Mark Pro that we can provide to Crane? I realize that some of that information may be our 'trade secrets' and will require clearance from Management.

Please let me know what you have, or if I need to get back to Haugen with any questions.

Thanks -  
Mike

Mike Streeter,

Please work with Jim Ronkainen to send the required information to Mike Haugen.

Steve P.

Steve - I sent out an email last week (or maybe the week before) asking for any test data we may have and any drawings we might have that I can provide to Crane NSW so they can do a safety assessment and obtain a safety release of this trigger for future sales. If they cannot obtain this they cannot buy receivers from us in the future since we do not make or have the old trigger anymore.
