TLW2355 has been assigned to Jeff Wade.

Jeff, we are waiting on everything for this test, will probably 2 weeks.

Subject: TLW REQUEST

Attached is a work request for running DAT on 15 Model 770 fire controls. Jim S. is currently working on the flowchart for the test but has requested a TLW number for his paperwork. There is not a lot of detail on the request as of yet but it will be added as the test requirements are finalized.
