GoToMeeting(TM)
Online Meetings Made Easy

(E-mail sent 12-16-07)

We had originally said that we wanted to have an X-Mark Pro review Friday, 12-18-07 to review the cost of the 40-X version (externally adjustable version of the M700/M7 X-Mark Pro fire control) and the primary spring test results.

I am changing this meeting to 1-11-08 (GoToMeeting Scheduled) because we won't have the new primary spring samples until 12-18-07, production is shut down until 1-2-08 and we need time to build 50 fire controls and test them in guns.

I have attached a cost analysis by Dan Shumway indicating the 40-X version will cost $6.59 more. ($34.55 X-Mark vs. $41.14 40-X)

Steve
