- Recoiler machined from solid steel bar stock resulting in uniformity and strength
- Cylindrical meander design provides a solid bedding area in the stock for consistent shot placement
- Recoilless half face locks up inside the center bored brass of the barrel which is surrounded by the recoiler, forming "three rings of steel" enclosing the cartridge case head for unparalleled strength
- Integral extractor is set in a groove inside the rim of the bolt face, uniformly supporting the cartridge head
- X Mark Pro Trigger on select models featuring super light lubricants and mirror like surface finishes, in breaks like glass and is adjustable for trigger pull weight
