Dear Lennie:

Thanks for visiting Remington Country! We appreciate your interest and support of Remington products.

We regret you are experiencing a problem with your Model 700. We would like to speak to you in more detail regarding your inquiry. If you will please contact our Parts & Repair Department with your SERIAL NUMBER, at 1-800-243-9700 Mon-Fri 9-5 EST, our representatives can assist you with this matter.

Customer (Lennie Dupuis) 11/26/2006 5:00:19 PM

I have a model 700 243 that misfired this weekend when I attempted to remove unspent live rounds after a hunt. When I released the safety to open the bolt the round went off. No one was hurt, though my vehicle has a wound and a limp! The main reason for contacting you is, what needs to be done to correct this misfire issue? Though we have been to hunters safety classes, I was very fortunate that my wife nor my 13 year old son was not hunting with it at the time as they have in the past.

Thank you for this urgent information request.
