Dear Dot,

Thanks for contacting Remington country. You need to get the gun in to a RARC or the factory,so we can inspectit.

Customer (Dot Shirley) 9/23/2007 7:41:32 PM

I purchased this rifle on 8/30/07. Cleaned it good. Pulled the bolt back and it shot without me pulling the trigger.

I need this thing checked out.....Do should I contact about this?

Thanks

Dot Shirley
