**Remington Adds New Offerings to its Popular Model 700™
SPS Line of Bolt Action Rifles**

Madison, NC – The **Model 700 SPS** is rapidly becoming one of the nation's most popular hunting rifles. The Model 700 SPS (Special Purpose Synthetic) offers everything hunters admire about the legendary Model 700, all at an extremely affordable price. From the rock-solid receiver design to the famous "three rings of steel," the Model 700 SPS offers the unrivaled out-of-the-box accuracy and high-end performance you've come to expect from America's most popular bolt-action centerfire rifle. New for 2008, the Model 700 SPS will be offered in the high-performance **7mm Remington Ultra Magnum**.

At velocities over 3400fps, the 7mm Remington Ultra Magnum is one of the flattest-shooting big game cartridges available to hunters; not to mention the complete versatility available with the our new 7mm Remington Ultra Magnum Power Level Ammunition. Its "Three Guns in One" adaptability allows hunters the ability to quickly tailor their loads to provide performance levels of full-bore 7mm Remington Ultra Magnum, 7mm Remington Magnum and 270Win/280 Remington.

Also for 2008, the **Model 700 SPS Youth** is offered in a left-handed version chambered for 243 Win and 7mm-08 Remington and is the first-ever southpaw youth rifle offering. For the ultimate "small hunter" package, our new Managed Recoil 7mm-08 Remington offering is the perfect complement to this addition

The Model 700 SPS features an improved, ergonomically designed synthetic stock for better handling and enhanced overall functionality. The carbon steel barrels are clean

without sights and receivers are drilled and tapped for scope mounts. All exterior metalwork features a matte blued finish. Standard features also include R3® recoil pad, a hinged floor plate magazine, and swivel studs.
