

S4 a Slide action 410 and 28 gauges on 20 gauge frame.

For preliminary planning, the Sales Department says the forecast previously prepared for the Model 870 can be used. DED to investigate.

b Autoloading 28 and 410 on a 20 gauge frame.

The forecast for the Sportsman-58 can be used. DED to investigate.

S5 Slide action 410 gauge based on the Model 572 frame.

S6 A lightweight Model 870 with an aluminum receiver.

S7 Two-shot version of the Model 870.

For reduced weight and cost. Sales Department will prepare a forecast.

The Chairman appointed a Sub-Committee comprising S. M. Alvis, Chairman, D. E. Miller, H. L. Hameister and W. H. Foster to follow all of the items on these three lists. This investigation should be carried until a definite recommendation can be made on each item. This recommendation might be for introduction, placement on the Development Schedule, abandonment, or some other definite action. The Sub-Committee should report as soon as possible but not later than the next meeting of the Committee on June 2.

Philip N. Burdett

Secretary, Operations Committee
