

Arms Division Minute 5, 1958

might be provided at no increase in price, the Sales Department was requested to reforecast on this basis, and they have estimated 1,500 additional Sportsman-58 ADLs and 1,000 Model 870 ADLs, could be sold in addition to present forecasts. For the moment it is to be considered that these quantities only would be furnished with the sun grained wood. The Sales Department, however, desires to reconsider this point should preliminary economics indicate that further consideration is justified.

DED has been requested to furnish samples and the Ilion Plant is working on the economics.

S2 - Rifle Type Sights on Shotgun Extra Barrels

The Ilion Plant has worked on economics which are not yet available. These should be available before the next meeting.

S3 - Model 870 Type Autoloader - XS-3

Discussed under the regular agenda.

S4 - Slide Action 28 and 410 Gauge Based on the Model 870 20 Gauge Frame Using Light Wood

The Sales Department has no current interest in this item and further consideration will be deferred indefinitely.

S11- Sportsman-58 - 3" Magnum

This item was discussed under the regular agenda for the meeting.
