

CENTER FIRE RIFLES - contd.MODEL 742-760 CENTER FIRE DEVELOPMENT - contd.Committee Action - contd.

Sales is to obtain field reaction to the checkering and general appearance of the proposed premium rifle.

MODEL 742-760 CENTER FIRE RIFLES

The Operations Committee and General Management had approved a change for 1965 to RK-W finish for the Models 742 and 760. As premium grade guns are now proposed for mid-1965, the addition of the RK-W finish to the standard line was questioned. 83

Committee Action

The committee approved the continuing of the lacquer finish for Model 742 and 760 rifles.

RIM FIRE RIFLESNYLON 76 LEVER ACTION RIM FIRE RIFLES

Production reported that approximately five hundred and seventy (570) guns remain to be warehoused. This will be accomplished in October.

Committee Action

This item will be dropped by the committee.

MODEL 552-572 PREMIUM GRADE RIM FIRE RIFLES

Sales review of the prototype Model 552 on September 23 resulted in a request to relocate the Rear Sight Assembly and design of a new Deflector for the Model 552 Autoloading Rim Fire Rifle. A second model with the Rear Sight repositioned has been approved by Sales.
