

SHOTGUNS - contd.CBC - SINGLE BARREL SHOTGUNS

Delivery of the one hundred (100) 12 gauge break-action single Barrel shotguns is expected by the end of the year. When received, a reliability test will be set up. A domestic and Canadian market survey will also be conducted.

The review of the cutaway 16 gauge sample gun was made for possible sale in Canada. Orders are being placed with CBC for two (2) each 20 and 410 gauge shotguns for a market survey. If satisfactory, initial orders would be placed for six hundred (600) 20 gauge and four hundred and fifty (450) shotguns in 410 gauge for sale in Canada. 83

MODEL 878 (SURPLUS PARTS) AUTOLOADING SHOTGUN

Through August, the plant produced eleven hundred and seventy-one (1171) guns. The balance of approximately six hundred (600) will be completed in September.
