

PELLET RIFLES

The Development Department report to the Operations Committee, attached as Table 3, was reviewed at the meeting. The report recommends that Remington undertake to enter the pellet gun business (rifle and ammunition) as an internal development.

Committee Action

With Management concurrence of the proposal, Ilion R & D should reactivate the study program for pellet rifles and pistols, and develop high spot cost estimates.

TELESOPES AND MOUNTS

The Development Department will have further discussions with R & D and Marketing before attempting to issue a report on Telescopes and Mounts. It was suggested Ilion R & D continue the contacts with optical manufacturers so that as complete information as possible will be available for evaluation.

The meeting adjourned at 4:15 p.m.

The next meeting will be at Bridgeport December 16, 1965 at 8:30 a.m. (E. H. Blackwell note 11/22/65)
