

RIM FIRE RIFLES - contd.SERIAL NUMBERING RIM FIRE RIFLES - contd.

Marketing believes the addition of the serial number will soon be required by Federal legislation. Further, dealers and jobbers have requested the addition of the serial number.

Committee Action:

The indicated added costs (Exhibit 5) are to be reviewed. "Out-of-pocket" figures are to be developed.

MODEL 580 SINGLE SHOT, 581 BOX &  
582 TUBULAR RIM FIRE RIFLES  
MODEL 590 SINGLE SHOT, 591 BOX &  
592 TUBULAR 5MM CALIBER RIFLES  
MODEL 788 CENTER FIRE RIFLE

Model 580 Series & Model 788

Pilot production of the Model 788, 44 magnum caliber parts has started. Rifle assembly is scheduled for June. This will complete the production of announced rifles.

The equipment to add the "F" and "S" marking to Model 788 Receivers should be completed in June.

All tooling changes have been made to move the ejection port downward 7°. All future Model 788 production will have this feature.

The tooling to revise the Receiver to improve the assembly of the Bolt in the field is overdue from the vendor. When received, all future Model 788 Receiver production will include this improvement.

Model 590-591-592, 5mm Cal. Bolt Action Rifles

Metal components have been completed to pilot assemble Model 590 single shot rifles. Stocks will be available the first part of June.
