Marketing recommends that we offer 8 specifications in the new Model 744 and the new Model 766. This is less than the current offering of 11 M/742 specifications and 13 M/760 specifications.

The reduced number of guns to be offered will not affect our forecast volume nor will it put us in an unfavorable competitive position. Specifically, the new specifications are as follows:

	<u>MODEL 744</u>	<u>MODEL 766</u>
6mm ADL	X	X
243 "	X	X
270 "	X	X
30'06 "	X	X
308 "	X	X
7mm "	X	X
30'06 BDL-RH	X	X
30'06 BDL-LH	X	X
	<u>8</u>	<u>8</u>
